7 March 2025

Dear Luke,

I hope you're doing well.

Thank you for your time last week to discuss our preparations for the ATP 250 Men's Tournament in June 2025.

As mentioned, we have been extremely pleased with Abundigro products over the past two years. Given the challenging conditions in Mallorca for growing and maintaining ryegrass, your products have consistently delivered outstanding results. Equally important is the exceptional after-sales service you provide, which has been invaluable. When investing in high-quality products, the support and expertise behind them make all the difference — and I truly appreciate it.

Oxyturf, Champion, Ukelp, and Gladiator have been instrumental in my agronomy plan, helping us achieve and maintain the highest quality turf for our tennis courts. Specifically, Champion — in conjunction with my nutritional plan — has significantly enhanced plant uptake and absorption, delivering outstanding results on turf health.

The effectiveness of the above-mentioned products has been key to ensuring optimal playing conditions for professional tennis.

Please feel free to share this as a recommendation for future projects and potential clients. If you have any questions or need further details, please don't hesitate to contact me.

Best regards,

GORDON K JOHNSTON
